

## 2024 IWLAR Chapter NRA Training Course Schedule

Below are the NRA training courses currently scheduled. Note that not all courses are shown on this page as emergent NRA and other firearms training courses are also offered. All classroom and live-fire exercises are conducted at the Chapter. Member and group discounts are available. For more information contact Rich Clement at [rclem97@yahoo.com](mailto:rclem97@yahoo.com).

All NRA Basic Courses are beginning, full-day, hands-on courses. Just come alert, and ready to learn and have fun. NRA course materials are provided and certificates are awarded upon successful completion. Click on the "Register" link to register, receive a payment link, and additional information and instructions. All courses are delivered by volunteer NRA Certified and MD State Police Qualified Handgun Instructors. Proceeds are used to support Chapter activities – thank you for your support!

Many students who have taken these courses don't own a firearm and are looking for guidance, which we provide. Most are beginners or have been away from firearms for a long time and want to get refreshed on safe gun handling and fundamental shooting principles. Some students have never handled a firearm before the class and end up being a pretty good shot by the end of the live-fire exercise. Everyone looks forward to going to the range and we make sure it is a safe, educational, and enjoyable experience that boosts each student's confidence.

Students are encouraged to bring their own firearm(s) or they are provided. Ammunition (.22LR, 9mm, .38 Spl) is provided in the NRA Basic Pistol and Rifle Shooting Courses. Reloading components are provided in the NRA Basic Metallic Cartridge Reloading Course.

Individual coaching is provided during the classroom and live-fire exercises by experienced NRA Instructors and even some competition shooters. Snacks, lunch, and beverages are provided. A kitchen with refrigerator and microwave is available. Please let us know of any food allergies or special accommodations in advance.

| Date               | NRA Training Course                    | Hours           | Cost  | Register             |
